

HOUSE OF COMMONS  
LONDON SW1A 0AA

The Prime Minister  
10 Downing Street  
London  
SW1A 2AA

6th July, 2022

Dear Prime Minister,

It is with great sadness that I tender my resignation as a Parliamentary Private Secretary in the Department of Business, Energy and Industrial Strategy. It has been a huge honour to have served in this Department at a time when energy security and the transition to net zero are so critical.

However, I am afraid that you have lost the confidence of my constituents and me. The current situation is untenable.

I believe passionately in Conservative values and want to ensure that we are implementing Conservative policies without distractions. That requires fresh leadership and it requires a new vision for the country. That vision must be a country of low taxes and high growth; we must be the party of aspiration.

I will continue to devote my efforts to serving the people of Kensington.

Yours, ever,  
Felicity Buchan

Felicity Buchan MP

cc: Chief Whip  
Secretary of State for Business, Energy and Industrial Strategy

**Member of Parliament for Kensington**
